Terror Squad

Zomboy

Dressed in cold black - gun in your hand
Looking so cool you act like a man
Livin' by terror goverment blessed
You're taking your prisoners and shoot down the restTerrror terror, terror squad
Terrror terror, terror squadYou're supposed to protect instead you attack
Displaying your force you're the Devils in black
You think you are Heroes at least so you act
That you are just cowards is surely a factTerrror terror, terror squad
Terrror terror, terror squadProvoke me once more then what can I do
I might just be poiting my gun right at you
If I succeed your terror sets in
Then only the Gods will know who's to winTerrror terror, terror squad
Terrror terror, terror squad
