

Flick of the Switch

[AC/DC](#)

Well there's a lock-up in the ????

????

She ???? sickness outta distress

She devil, she evil

She got you screaming on the rockin' machine

With a flick of the switch

With a flick of the switch she'll blow you sky high

With a flick of the switch

With a flick of the switch she can satisfy

She gonna blow you all sky high

???? the eye electrify

A ???? fusion feel

She devil, she evil

She got you screaming on the rockin' machine

With a flick of the switch

With a flick of the switch she'll blow you sky high

With a flick of the switch

With a flick of the switch she can satisfy
