Please Accept My Love

Gregg Allman

I don't even know your name
But I love you just the same
Darling let me hold your hand
'Til I make you understandIf you only, only knew
Just how much I love you
Loving you the way I do
You'd take tonight and love me tooI'm like the pictures on the wall
Please please don't let me fall
It's my heart I'm thinkin' of
So won't you please, please, please accept my loveIf you let me be your slave
Your love I'll cherish to my grave
And if you die before I do
I'll end my life to be with youI'm like the pictures on the wall
Please please don't let me fall
It's my heart I'm thinkin' of
So won't you please, please, please accept my loveIf you let me be your slave
Your love I'll cherish to my grave
If you die before I do
I'll end my life to be with you
