

# Shifting the Atmosphere

**Jason Nelson**

Our worship and our praise is shifting, shifting the atmosphere

Till the heavens are open

This praise is shifting

Shifting, shifting the atmosphere

For breakthrough in healing

Our worship is shifting, shifting...shifting the atmosphere

Its moving... and its breaking...

This worship is shifting the atmosphere.....shifting the atmosphere

Every yoke is destroyed

Every chain is broken

This worship is shifting the atmosphere...shifting the atmosphere

Its moving.... its breaking

Our worship is shifting the atmosphere.....shifting the atmosphere

Till the heavens are open

For breakthrough healing

This worship is shifting the atmosphere.....shifting the atmosphere

Its moving..... and its breaking

Our worship is shifting the atmosphere.... shifting on the atmosphere

Its moving.... and its breaking

My praise is shifting the atmosphere.....shifting the atmosphere

Every yoke will be destroyed

Every chain is broken

This worship is shifting the atmosphere... shifting the atmosphere

Its moving....and its breaking

Our praise is shifting the atmosphere...shifting the atmosphere

Its moving..... its breaking

This worship is shifting the atmosphere..shifting the atmosphere

Its moving its breaking

This worship is shifting the atmosphere.....music.....
