

Wingless Angel

Mash

Intro Verse

I dial you and you ignore me, I don't know
why, I really don't know.

In the saddest moment of love, left alone,
alone in the jungle, He sends you a savior, A
wingless angel, an Angel without wings.

Your boy mash in this again.

Navy beats.

Chorus

As you're depressed,
Emotionally stressed,
Slowly getting hatred,
He sends you a wingless angel,
An angel without wings.

Verse

At first you ignored it, second time you
chased it away, and the third time you still
refused it, don't you wonder why, it keeps
on showing up, the reason is that,
purposely was sent, to heal that in-heart,
look how happy you're, since you welcomed
it, it's like you've never been, in that lonely
lost world.

Chorus

As you're depressed,
Emotionally stressed,
Slowly getting hatred,
He sends you a wingless angel,
An angel without wings.

Verse

When I say, don't cry, because I am your
wingless angel, who always sees you from
afar, but at first you ignored me, and it
made me sad, but because I was meant to
be, that pain healer, I stayed, I stayed, I
stayed and kept your love.
