Stand In the Way (Of My Love)

Timothy Bloom

There it is right there
Out far in the distance
I can see it so clear
It's what I've been missing
I'm like the rolling stone
It's coming down heavy
Just to get to your love babe
Yea you better get readyNothing's going to get in my way
Its what I'm yearning
The fires burning
I've wandered through harder days
BABY I NEED YOU
BABY I NEED YOUYou can't stand
You can't stand
Nothing's gonna stand in the way of my love
Try as hard
As you can
Nothings gonna stand in the way of my love
My love
My love
You can't stand
You can't stand
Nothing's gonna stand in the way of my loveI'm afraid I might lose my mind
And do something crazy
Pull the moon down out of the sky
Until you love me baby
I'm like the raging sea
The scorch of a summer
Nothing like the devil
But I'm bound to take you underNothings going to get in my way
The wheels are turning
I'm still determined
It's only just a matter of daysYou gone want me
Like I want youYou can't stand
You can't stand
Nothing's gonna stand in the way of my love
Try as hard
As you can
Nothings gonna stand in the way of my love

My love
My love
You can't stand
You can't stand
Nothing's gonna stand in the way of my loveMY LOVE
MY LOVE
MY LOVE
MY LOVEYou can't stand
You can't stand
Nothing's gonna stand in the way of my love
Try as hard
As you can
Nothings gonna stand in the way of my love
My love
My love
You can't stand
You can't stand
Nothing's gonna stand in the way of my love
