

# Skin Job

## Primitive Radio Gods

Lying in bed and the rains coming down  
You can laugh now  
Burning love and the avalanche comes  
You can think now Its easy to say that well all get away  
Its easy to say at the start of the day All of the evidence points to this  
Over protection points to this  
(All of the evidence points to this)  
And you are the victim  
(All of the evidence points to this)  
(All of the evidence points to this) Dont stop, what does it matter?  
If its right in the eyes of the law  
Dont stop, dont talk, youll get off  
If its right in the eyes of the law  
Dont stop, dont talk, youll get off Remember the face in the mirror today?  
Youre a witness  
All of your friends and your family  
Were invented All of the evidence points to this  
I was the loved one seems to this  
(All of the evidence points to this)  
And she was the skin job  
(All of the evidence points to this)  
(All of the evidence points to this) Dont stop, what does it matter?  
If its right in the eyes of the law  
Dont stop, dont talk, youll get off  
If its right in the eyes of the law  
Dont stop, dont talk, youll get off If its right in the eyes of the law  
Dont stop, dont talk, youll get off  
If its right in the eyes of us all  
Dont stop, dont talk, youll get off  
If its right in the eyes of us all  
Youll get off, youll get off
