Lil' Boots

Pet

harlequin-ee
no need to explain yourself, I was born to pay for my previous sins
good girl goodness, we'll see how she is
Why is the world falling in on me?
Why is the world cheating on me?
Yes, girl to girl sincerity remains, though awkwardly unnamed
You never kissed, these girlfriend's lips, a simple choice to fall awayWhy is the world falling in on me?
Why is the world cheating on me?
Why is the world cheating me?you won't see that, you won't see me
you won't see that, le magic
bad magic, big magic
you won't see that, you won't seeWhy is the world falling in on me?
Why is the world cheating on me?
Why is the world cheating me?
