

# Smell the Flowers

**Jerry Reed**

Yesterdays  
Oh, how many do you wish you could relive?  
Turn the page and go back  
Oh, I wonder what you'd give? Looking back, does it seem  
That when you've planned  
And when you've dreamed  
You forgot the most important thing Smell the flowers while the roses bloom  
Take the time my friend and sing a happy tune  
Oh, how precious every mile, so take a minute, learn to smile  
My friend, let's stop a while and smell the flowers  
Smell the flowers Got a troubled mind, friend  
Did you let too much worry rule your days?  
When you look back  
Do you feel like something precious slipped away? Oh, my friend are you the man  
That the world slip through your hands?  
Can you remember  
When you smelled the flowers? Smell the flowers while the roses bloom  
Take the time my friend and sing a happy tune  
You won't have this day again 'cause every road has got to end  
So don't forget my friend to smell the flowers  
Smell the flowers Smell the flowers while the roses bloom  
Take the time my friend and sing a happy tune  
Oh, how precious every mile, so take a minute, learn to smile  
My friend, let's stop a while and smell the flowers
