

# Sandpit

## Curve

Are we savages  
Born without hope  
(Lost)  
On these highways  
Existing to goSwallowed my pride  
Gutted me from the inside  
Left me in this pool of doubt  
Now I don't think I can get outYou can laugh  
'Cause you think that you're better than meIf we are the instigators  
Of our times  
Why do we harmonize  
Then revolutionize our crimesDown in this sandpit  
Of misbegotten  
(Youth)  
We can sow and disown  
the one truthI'm just trying to do the right thing  
(Escape)  
To my eyes
