

Dias de los Angeles

Del Castillo

No duerma angelito mio
Y no llores por mi
Que aqui no toca el frio
Que la lumbre en sendi
Si ves la luna ya csta roja
De la sangre del por fin
Y el cielo ya se rompe
Angelito ven por mi

Estos son los dias de los angeles

Estos son los dias
Angel ven, ven, ven
Abre puertas de mi campo
Y la lluvia cai aqui
Des del rio oigo el canto
Santo dios csta aqui
Oir tu voz de alma santa
Siento que es por venir
Saca alas a tu vuelo
Paloma santo ven por mi

Estos son los dias de los angeles

Estos son los dias
Angel ven, ven, ven
Ya tome el vino
De la uva del final
Estoy borracho y lo que sido
Necesito amor y paz

Estos son los dias de los angeles

Estos son los dias

Angel ven, ven, ventranslationDays of the AngelsDo not sleep my little angel,
and don't cry for me!

That here the cold does not reach me
for the fire I have lit

You see the moon is crimson
of the blood of all the end
And the sky is ripping,
Angel come for me!

These are the days of the angels

These are the days
Angel come, come, come!

Open doors of my camp
and the rain will fall there
From the river I hear ancient songs,
Holy God are you there?
To hear your voice of holy soul
I feel is my forth coming
Bring forth wings to your flight,
holy dove come for me!
These are the days of the angels
These are the days,
Angel come, come, come
I have drunk the wine
of the grapes of the end
I'm intoxicated, and out of maid,
I need peace and love,
These are the days of the angels
These are the days,
Angel come, come, come
