Burnin Up

Cevin Fisher

Every time that you're walking by
I feel the vibe inside
There's something about the way you areThat's giving me butterflies
Maybe the planets have aligned
Maybe it's all in my mindSo let me just introduce myself
Before I get too shy
I've seen you in my dreams at night
To you I fantasizeYou caught my eye
You're just so fine
You caught my eye
You're just so fineI'm burning up for you
I'm burning up for youI see diamonds in the sky
Touch my hand and I can fly
All this is a mystery
So come on, come on
And dance with meI can't believe it's 4 am
Where did the time go?
I could sit here for days and days
Just hanging with you aloneWe got an instant history
Some supernatural chemistry
Can't you feel it, can you feel it, oh?But I'm giving you my number now
Before this goes too far
It's getting really hot in hereAnd soon it will be hard to say goodnight
The time's not right
So say goodnight before I dieI'm burning up for you
I'm burning up for youI see diamonds in the sky
Touch my hand and I can fly
All this is a mystery
So come on, come on
And dance with meYou make me feel like fire
Is this love or just desire?
You make me feel like fire
Is this love or just desire?I'm burning up for you
I'm burning up for you
I'm burning up for you
I'm burning up for youI see diamonds in the sky
Touch my hand and I can fly
All this is a mystery
So come on come on

And dance with meI see diamonds in the sky
Touch my hands and I can fly
All this is a mystery
So come on come on
And dance with me
