Spiritjack

It was a beautiful day
A day for so much fun
I had my white T on
Had on my new Air Ones
I was gonna pull out the coupe and drop the top
I was gonna ride around and hug the block
Then she called and said I'm on my way
I got a few hours, I might as well as stay
Now I'm gonna lay back and watch her drop her top
Now I'm gonna record the s--t rewind and watch
Ooh ooh ooh ooh now after 2 hours of footage
Ooh ooh ooh ooh her body couldn't continue to do it
Ooh ooh ooh ooh she looks at me and says please don't go nowhere
Give me a second to breathe
CHORUS:
It must be magic
She loves the way I give her the magic
She wants a sugar daddy
She wants me to keep giving her the magic
She loves it cause I can do it all
(Repeat again)
Why she show up at my door like this

She got me feeling like a bad wish
Yall already know what this is
Girl it's magical
Her body screaming tear it up
And them knocks look like buttercups
Now its time that I lay you down
And take you to the third round
And you been waiting all day
Or you just missing me
Don't worry girl I ain't going nowhere
I'm right where I wanna be
Repeat Chorus
I'll have yo calling my name
Backing it up and gripping the bed frame
Can't wait to get inside ya
I'm getting so excited

See I you don't think yall know my name
I can make sick loving like David Blain
I'll having yo ass going insane
Doing shit you ain't did with yo man
Repeat chorus
