

# How Does It Feel?

## The Zutons

How does it feel to have love to have lost  
And I know how to feel anymore  
And how many times do you have to be cruel to be kind  
And show feelings the door  
Well isn't it strange how much you can change  
In a year or minute or more  
How can it go from so good to so bad  
And my soul is now squished on the floor

How does it feel  
How does it feel  
How does it feel on your own  
When you can't even deal with yourself

How can I move the ground is so loose  
And the sun wants to peel off my skin  
And how can I laugh when my mouth is held back  
And I'm struggling now just to grin  
I hold myself up till I run out of luck  
While the world carries on in a spin  
And now it's so real and it's paying off well  
'Cause my feelings are letting me in

How does it feel  
How does it feel  
How does it feel on your own  
When you can't even deal with yourself

I've been asking the same old questions  
Time and time again  
I find that I don't want to live this life  
But I know that I'll have to pretend  
'Cause everyone's hiding from the truth  
And they're just lying to themselves  
How do you expect me to deal  
With this when I can't even deal with myself

How does it feel  
How does it feel  
How does it feel on your own

When you can't even deal with yourself

I've been asking the same old questions time and time again

I find that I don't want to live this life

But I know that I'll have to pretend

'Cause everyone's hiding from the truth

And they're just lying to themselves

How do you expect me to deal

With this when I can't even deal with myself
