

Love On The Radio

The Walls Group

We don't have to take our clothes off
For that number one spot than lost my spot with you
Yeah, I've been about that life, now I want hear something new
Tell me what you drinking
Whatever you drinking
Soon you'll thirst for him
Let me tell you about my friend
He is patient to the end
If life was a song and you feel out of key
Then play this one for me If I talk about Jesus, can I get some love on the radio
I know it's not easy but Mr. DJ please I got to let the world know
I just wanna help, help you love again, wanna make you smile,
Change the way you live and talk about Jesus
So can I get some live on the radio Say his name
Say his name
And not when you're troubled
Don't feel like no one loves you
But every single day
What else can I say
To help you realize
The pain will soon pass away
He's able!
And like an old school song, it's gonna be a brighter day, yeah!
Dj let that record play
And help me say If I talk about Jesus, can I get some love on the radio
I know it's not easy but Mr. DJ please I got to let the world know
I just wanna help, help you love again, wanna make you smile, change the way you live
And talk about Jesus, so can I get some live on the radio
I just wanna help, help you love again, wanna make you smile, change the way you live
And talk about Jesus, so can I get some live on the radio Say he's able (he's able)
Hold up!
Wait a minute let me put some walls in it
He's able (he's able)
