

# I'd Be Glad

Jann Arden

If I had everything I wanted  
And there was nothing left to get  
If every lover I had fought with  
Was on their knees to get me back Id be glad  
Id be glad If I had everything I hoped for  
If everything had gone my way  
Then every tear would be a diamond  
And every dog would have his day Id be glad  
Id be glad  
Id be glad Is this real life  
Is this [Incomprehensible]  
Is this real life If I had everything I dreamed of  
If every moment was sublime  
All the hurts and all the heartache  
Where just a figment of my mind Id be glad  
Id be glad  
Id be glad  
Id be glad
