

Searchin'

Lynyrd Skynyrd

I asked the Wise man one sunny day
"Can you help me find my way
You're so much older and wiser too
Would you help me Mr. Wise man
I'm feelin' blue" Lord I'm not satisfied He said, "You're not doin' too bad, not bad at all
You're just trying to walk son before you can crawl
You got stacks of money to sky up above
Now all you need is to find you a love" He sent me searchin' to find my love
He sent me searchin' to Lord up above
He sent me searchin' just to find the mornin' dove
And she'll tell you where to find your love Oh Mr. Wise man I need to find my love Oh yeah You can have
anything in this God's world
But you won't be happy son till you find a girl
Now you can be happy boy if you try
Find a woman boy, you'll be satisfied He sent me searchin' for to find my love
He sent me searchin' , I said Lord up above
He sent me searchin' just to find the mornin' dove
And she'll tell you where to find your love Oh I said
"He sent me searchin' for to find my love
He sent me searchin' , I said Lord up above
He sent me searchin' just to find the mornin' dove
And she'll tell you where to find your love" Oh Lord Lord, he sent me searchin'
