

# City You Know

## Driftless Pony Club

The city you know, is to come  
And sleep in, and drink all of the gin  
In the city you know, leave your car at the curb  
Be at home, be unlearned  
This town, was so much better, in the 90's  
This town, was so much better, in the 90's  
So I've heard

Just rust with the rust and be a good drunk  
Keep every balloon from every party you've been too  
Spin in the room like a time machine  
Spin in the room like a time machine

Everybody wants, to love you  
When they meet you  
Everybody wants, to love you  
When they meet you  
Cut it out, cut it out, cut it out, cut it out (cut it out)  
Cut it out, cut it out, cut it out, cut it out (cut it out)

This town, has a way of making people stay here  
This town, has a way of making people stay here  
So I've heard

Just rust with the rust and be a good drunk  
Keep every balloon from every  
party you've been too  
Spin in the room like a time machine  
Spin in the room like a time machine

Everybody wants, to love you  
When they meet you  
Everybody here wants, to love you  
When they meet you

Everybody wants to be your gun  
Everybody wants to be your gun  
City you know has always had potential  
City you know has always had potential  
When we were kids and we saw

What we thought that we saw  
When we watched the motion picture at the mall  
How it's gonna be  
How it's gonna be

Spin in the room like a time machine  
Spin in the room like a time machine  
Spin in the room like a time machine  
Spin in the room like a time machine  
Everybody wants, to love you  
When they meet you  
Everybody wants, to love you  
When they meet you
