

# Solo

## Totally Enormous Extinct Dinosaurs

this ain't over yet  
we can be in love again something is going wrong, dear  
but this ain't over yet  
gimme one more try  
all your heart is true to me  
is what you said  
gimme one more try  
for all that you just proved to me  
that I don't really know you you can make this right again  
we can be in love again  
you can make this right again  
we can be in love again something is going wrong, dear  
but this ain't over yet  
gimme one more try  
all your heart is true to me  
is what you said  
gimme me one more try  
for all that you just proved to me  
that I don't really know you you can make this right again  
we can be in love again  
you can make this right again  
we can be in love again  
you can make this right again  
we can be in love  
we can be in love again  
you can make this right again  
we can be in love again  
you can make this right again  
we can be in love again
