Earth, Wind, Water & Fire

Toy-Box

Earth, wind, water, and fire

Cause I would run through stormy weathers

Just to show you how much I love youI love your eyes, love your smile, love your funky hair I love your walk, love your talk, and the things you dare

Love you, love you, yes I do

Love me not, or love me too

Honey, honey, peek-a-boo, I'm in love with youCome, baby, tell me what you wanna do Maybe we could get together soon

Baby, see the fire in my eyes

Yeah, you got me hypnotizedEarth, Wind, Water & Fire

Can't get in the way, when I'm running to you

'Cause I would ride through stormy weathers

Just to show you how much I love youI love candy, I love sweets, maybe ice cream too gummi-bears and chocolate-hearts make me think of you

Open, open Sesame

I've got goodies, come and see

Honey, honey, peek-a-boo, I'm in love with youCome, baby, tell me where you wanna go Maybe Paris, maybe Tokyo

Lady, see the fire in my eyes

Yeah you got me hypnotizedYeah, you got me hypnotizedEarth, Wind, Water & Fire
Can't get in the way, when I'm running to you
'Cause I would ride through stormy weathers
Just to show you how much I love you
