

# Island

## Jimmy Buffett

Island, I see you in the distance  
I feel that your existence  
Is not unlike my own Island, they say no man is like you  
They say you stand alone  
Sometimes I feel that way too It's the need for love  
Heart and soul accompaniment  
Seems to make me different from you Well, I tried to book passage but you have no ports  
And I tried to sail in but your wind and waters  
Tore my sails and broke all my oars Island, I see you in the moonlight  
Silhouettes of ships in the night  
Just make me want that much more Island, I see you in all of my dreams  
Maybe someday I'll have the means  
To reach your distant shores When the need for love  
Heart and soul accompaniment  
No longer makes me different from you Well, I tried to build bridges but they all fell down  
And I've taken to the air on wings of silver  
But I always hit the ground Well I tried to book passage but you have no ports  
And I tried to sail in but your wind and waters  
Tore my sails and broke all my oars Island, I see you in the moonlight  
Silhouettes of ships in the night  
Just make me want that much more
