

Jungle Fever

Trisha Paytas

I may be white
but
I got needs too
And I gotta do
What I feel like doing
So I'mma go out of the valley
Go down to Inglewood
And get me some!

People stop and stare
They look at my body
Right past my face

-

People stop and stare
And stare a little more
Looks like I'm out of place
An interracial whore

I can't help myself when I see
A man in Fat Farm Jeans
reppin' his team
Give me some cornrows
Or dreads down to there
What's inside ya' pants really isn't fair

Cause I got Jungle Fever
It's driving me insane
I got Jungle Fever
and I can't complain
When you have Jungle Fever
You get satisfied
So get some Jungle Fever
And let that inside

Jamie Foxx is fine
And LeBron makes me squeal
Take me to a Tyler Perry movie
It's a done deal
Get me home in bed
See the top of my head

The men I attract say "you thick,
keep your fat,
Baby got back!"

Cause I got Jungle Fever
It's driving me insane
I got Jungle Fever
and I can't complain
When you have Jungle Fever
You get satisfied
So get some Jungle Fever
And let that inside

Cause I got Jungle Fever
It's driving me insane
I got Jungle Fever
and I can't complain
When you have Jungle Fever
You get satisfied
So get some Jungle Fever
And let that inside

Jungle Fever
I got Jungle Fever
Jungle Fever
Jungle Fever
