

Holiday

Unwritten Law

Sometimes life can knock you down
Just gotta pick your ass up off the ground, off the ground
Probably don't matter anyway
'Cause in the end it's gonna be okay Because life's a holiday, holiday Don't wanna go and work harder
Just to keep my head above water, above water
I can't hear what teacher's trying to say
'Cause it makes no sense now anyway And tomorrow's another day
And I just wanna play
'Cause I know that we will be okay
'Cause life's a holiday Life's a holiday, life's a holiday
Life's a holiday, life's a holiday I'm sorry for my, my blasphemy
It's just my way and I'll stay Because life's a holiday Life's a holiday, life's a holiday
Life's a holiday, life's a holiday
Life's a holiday, life's a holiday
