Before You

Eric Cheng

Baby, before you
Well, I was bad news
In lettin' me love you
I think I can get throughOh, baby before you
Well, I was so scared
I was a train wreck waitin' to happen
On the way to nowhereAnd now I think it's kinda funny that you say you love me
You tell me that I'm crazy then you smileAnd now I think I'll get through the end of the world
And now I think I'll get through bein' a girl
Now I think I'll get through anything
And now I think I'll get throughNow honey around you
Well, I'm feelin' so good
'Cause you picked me up out of the rough
And you polished me up and made me brand newAnd baby before you, ho ho
There was just a black hole
Yeah, I was beat down, blacked out
My darling you couldn't even knowBut ever since I met you on a cloudy Monday
I can't believe how much I love the rainAnd now I think I'll get through the end of the world
And now I think I'll get through life as a girl
Now I think I'll get through anything
Now I think I'll get throughEver since I met you on a cloudy Monday
I can't believe how much I love the rainAnd now I think I'll get through the end of the world
And now I think I'll get through life as a girl
Now I think I'll get through anything
Now I think I'll get throughOh oh, now I think I'll get through
Oh, now I think I'll get through
Oh oh, and now I think I'll get throughAnd now I think I'll get through
Oh, and now I think I'll get through
Oh, and now I think I'll get through
Oh, and now I think I'll get through
