

Little District (Eric "Monty" Morris)

Sublime

Oh, in a little district
In a neighborhood
People movin' swift
Like they think they shouldA word from your mouth
Your lights get knocked out
A blast to your lips
And later you move and slip
And if you have to don't tripI don't know how they manage
But believe me Mister, they do
If you ever live there
You just listen and don't be no foolIn a little district
In a neighborhood
People movin' swift
Like they think they shouldA word from your mouth
Your lights get knocked out
A blast from your lip
Later you move and trip
If you have to just slipNo one ask no question
No one tell no lie
Listen to me people
It's the reason whyA word from your mouth
Your lights get knocked out
A blast from your lip
And later you move and trip
And if you have to just slipI don't know how they manage
But believe me, Mister, they do
If you ever live there
You just listen and don't be no foolIn a little district
In a neighborhood
People movin' swift
Like they think they shouldA word from your mouth
Your lights get knocked out
A blast from your lip
Later you move and trip
