

Someday One Day (remix)

Christina Milian

Oh oh oh

(Oh oh)

Oh oh ooo

(Oh oh ooo)

Oh oh ooo

(Ooo)

Haa, ahh, ahh

(Ahh)

Day to day and each night I pray

That there's someone out there

That's gonna melt my heart away

(Away, away)

Ahh, and take me to another place

(My place)

From the loneliness

That's driving me insane

I get so cold

Summer feels like the winter

(Like the winter)

When I'm at home

All alone I just cry

I wish that I could just lie

Like I'm happy

(Ooo)

But I can't hide this hurt inside

But I'll tell you someday

I'm gonna find

(Find)

A guy that's gonna

Change my life

And I tell you one day

Just wait and see

(See)

True love is waitin'

Out there for me

(Me)

I'm like an open book

Just tryin' to turn the page

(Hey)

Feels like I'm trapped in a maze

Tryin' to find my way

(Way)

Oh my heart's yearning for

Someone to call my own

And I don't wanna sing

Another sad love song again

Oh

I get so cold

Summer feels like the winter

(The winter)

And not a full moon of gloom

That just cried?

I wish that I could just lie

Like I'm happy

But I can't hide this hurt inside

But I'll tell you someday

I'm gonna find

(Find)

A guy that's gonna

Change my life

(My life)

And I tell you one day

Just wait and see

(One day, see)

True love is waitin'

Out there for me

But I'll tell you someday

(Oh)

I'm gonna find

A guy that's gonna

(Oh)

Change my life

And I tell you one day

(Oh)

Just wait and see

True love is waitin'

(Oh)

Out there for me

Take me away

(Take me away)

Away

(Far away)

So far away

(Far away)
Away
You should've take me
(Away, far away)
Away
(Away, far away)
So far away
(So far away)
(Away)
(Away)
Take me away
So far away
Away
Away
So far away
But I'll tell you someday
I'm gonna find
A guy that's gonna
(Guy)
Change my life
(That's gonna change my life)
And I tell you one day
Just wait and see
(See)
True love is waitin'
Out there for me
Aah ooo ooo
Yea yea
Ooo ooo ooo
Yea yea
(Yea yea)
Someday
Someday
(Someday)
I'll, hear you play
(I'll, hear you play)
Ooo ooo
Lalala
(Lalala)
Lala
(Lala)
Ta da ta da
Ta da ta da
