Micro Cuts

Muse-MUSE4FANS.com

Hands are red with your blame
Megaphone screaming my name
Whimpers someone I should've loved
Souls weeping aboveI've seen what you're doing
Destroying puppet strings
To my soulMicro waves me insane
A Blaine cuts in your brain
Sounds like forks on a plate
Blackboard scratched with hateI've seen what you're doing
Destroying puppet strings
To my soul
