

International Gathering Of Champions

Free Diamonds

I'm gonna show you up in show and tell. I'm gonna bring my friends from the gates of hell. I got a vampire who cannot fly. I know a werewolf who's afraid to try. You gotta help me help you. Help me help myself. You gotta help Paul. Help Dave. Help Scott save himself. And I know it might seem like it's over. And we've both lost this summer forever. It doesn't matter what the other kids say. Id rather hang with the monsters any day. It's the international gathering of champions.
