

I'm a Washing Machine

Tessarose

Iâ€™m a washing machine

I get all the clothes clean

Live in the laundry, wash all day

Iâ€™m a washing machine

First you lift up my lid

And put the dirty clothes in

Then you add a cup of soap

And press me here to begin

[Chorus]

And we go

Swish swash! Swish swash!

Washing all the dirty clothes, washing all the dirty clothes, washing all the dirty clothes

Swish swash! Swish swash!

Washing all the dirty clothes, washing all the dirty clothes, washing all the dirty clothes clean

When Iâ€™ve had a good wash

I let some fresh water in

I rinse all the soap out

And I get myself in a spin

[Chorus]

Now you lift up my lid
Because my job now is done
So put the clothes in a basket
And hang them out in the sun

[Chorus]
