

# Roll River Roll (Live in Sheffield)

[Richard Hawley](#)

Roll river, keep on rolling  
Ancient lady cold  
I'm forsaken, lost and forgotten  
Roll river rollRoll river, roll river rollLet it take me, free and unchain me  
Ancient lady cold  
Keep on rolling, roll on forever  
Hope we shall meet at homeRoll river, roll river rollYou hold my body, lost and forsaken  
In your deep waters cold  
Oh, sacred river take me to my sweetheart  
My lonely bonesWill she remember?  
Oh, river take me on my journey home  
Deep dark waters to learn your secrets  
River angel riseRoll river, roll river roll  
Roll river, roll over my bones
