

God Has Been Faithful

Faithmen Quartet

Once I was lost in the darkness but Jesus heard me when i cry He"s grace was more than i asked for because He bought this poor sinner to love now as i trust in my Savior we walk hand in hand everyday i've had some joy and some sorrow but with all my heart i can say

CHORUS: Here on this journey i found Him faithful time after times His grace overflows
Every knee it surely ask Jesus has never failed me yes has been so good and i been blessed God has been faithful

I dont know how He could bless me more than He's blessed me today but each day i come to His table and He's never pushed me away

I'd never dreamed I could stand here and tell you how good God has been
But i found no greater forgiveness and so i will tell you again

REPEAT CHORUS

When i cant see whats the head down the road and i wonder if i'll have to travel alone all the food that i need that my God will supply comes when i look behind me and His grace was there all the time

REPEAT CHORUS
