

Hypnotized By Jane

Cinema Bizarre

For every minute
And every hour
I'm awake but I'm sleeping
My eyes are hers
And she see's thru them well
My mind's all hers
Under a goddess spell
Hypnotized by Jane
Crawled her way into my head
Princess of the internet
Caught inside her web
I'll never be the same
She controls me as I sleep
Mindless robot in the street
All my money's hers to keep
Hypnotized by Jane
For every second
Thru every deep breath
I feel my conscience drifting
I heard she's working for the CIA
They're putting bar codes
In our DNA
And now we're all enslaved
Hypnotized by Jane

Crawled her way into my head
Princess of the internet
Caught inside her web
I'll never be the same
She controls me as I sleep
Mindless robot in the street
All my money's hers to keep
Hypnotized by Jane
Street - Walker
Street - Stalker
Hypnotized by Jane
Hypnotized by Jane
Hypnotized by Jane
I'll never be the same

She made me fall in love with her
Pull's the leash on this collar
Now I'm just her slave
Now I'm just a slave
Now I'm just a slave of Jane
Hypnotized by Jane
Crawled her way into my head
Princess of the internet
She's the girl you won't forget
Hypnotized by Jane
