Doctor Please

Blue Cheer

Help me, help me, doctor, doctor, won't you please?
I need your pain killer, doc, shot inside of me
Well, I ain't got no money, child, but I been here before
Cash me in, fill me up, why don't you throw me out the doorWell, help me, doctor
Well, why don't you? Why won't you?
Come on and help me please, oh, won't you please
I need your good livin' shot inside of me, yeahI got this funny feelin', feelin' inside my head
Without your good living, doc, well, I believe that I'll be dead
Doctor, don't you turn me down and won't you hear what I say?
I need your good living, doc, and I need it right awayWell, help me, doctor
Well, why don't you? Why won't you?
Come on and help me please, oh, won't you please?
I need your good living, no, what would I be?AlrightI got this funny feelin', feelin' inside my head
Without your pain killer, doc, well, I believe that I'll be dead
Doctor, don't you turn me down, and won't you hear what I say?
I need your good livin', doc, and I need it right awayWell, help me, doctor
Well, why don't you? Why won't you?
Come on and help me please, oh, won't you please?
I need your good livin' shot inside of meAlright, stick it to me, doctor
