

Bring You Back My Way

Tyrese

Oh, yeah, oh
I never knew why I told you all the lies
And every time you cry, it made me realize
I'd be lying to myself if I told you
I can do it without you, babe I can't think of no one else
Who would try to put up with the worst of me
You keep making sure it's loud and clear that
You don't want me no more
So baby, won't you tell me? Tell me what could I say
To bring you back my way
To show you how much I do love you I know I made mistakes
But no one takes your place
Say it isn't so, it's hard to think of you
With someone else Oh, every time I think
Of the definition of love
Only you come to my mind
I find myself wanting you, all of the time I'd be lying to myself if I told you
I can do it without you, babe
I can't think of no one else
Who would try to put up with the worst of me
You keep making sure it's loud and clear that
You don't want me no more, babe, no more, babe So tell me what could I say
To bring you back my way
To show you how much I do love you I know I made mistakes
But no one takes your place
Say it isn't so, it's hard to think of you
With someone else I hope you can hear these words from my heart
This is not another love song
Me no you, it's tearing me apart
I'm nobody without you So baby, forgive me
I'll make it up to your heart
I know what a true relationship needs
Because of you, baby Tell me what could I say
To bring you back my way
To show you how much I do love you I know I made mistakes
But no one takes your place
Say it isn't so, it's hard to think of you
With someone else Tell me what could I say
To bring you back my way

To show you how much I do love you I know I made mistakes
But no one takes your place
Say it isn't so, it's hard to think of you
With someone else
