

# It's Our World

## Fabulous Lemon Drops

Verse 1:

Let's work together  
we are one  
And we're all the same  
Under the sun  
Our lives they may not seem quite the same  
But we're the same  
Let me explain

Verse 2:

This school maybe different from yours  
And our lands may quite different too  
Their words maybe different as well  
But we're the same  
Can't you tell

CHO.

It's our world  
We can live as one  
Smile and have fun  
Under the golden sun (2x)

Verse 3:

Sometimes your voice needs to be heard  
To fly through the air like a bird  
We need to give all these a chance  
So they can laugh so they can dance

Verse 4:

Their homes maybe different from yours  
And their skin might be quite different too  
Our lives they may not be quite the same  
But we're the same  
We're all the same

CHO.

It's our world  
We can live as one  
Smile and have fun  
Under the golden sun

It's our world  
We can live as one  
Smile and have fun  
Under the sun

Woohohhh woohohhh  
Woohohhh

CHO.

It's our world  
We can live as one  
Smile and have fun  
Under the golden sun  
It's our world  
We can live as one  
Smile and have fun  
Under the sun(2x)

Woohohhh woohohhh  
Woohohhh.
