

# Accept the Pain

## Paradise Lost

Like a pill  
Like a pill these dreams  
Like a pill  
Kill almost everythingLike a drop in the ocean  
Life's a drop in the ocean  
Like a pill it's all the sameAccept the pain, for all who ever tried  
For all who triedOverkill, overkill it seems  
Overkill, feeding off all extremes  
Loyalty through emotion  
Cruelty kills devotionAccept the pain, for all who ever tried  
Accept the pain, as all our fears subside  
Our fears subsideLike a pill  
Like a pill these dreams  
Like a pill  
It's all the same, it's all the sameAccept the pain, for all who ever tried  
Accept the pain, as spirits purify, purify
