

# Remember Me (Acoustic Version)

## Kutless

I looked in Your eyes  
And saw it for a moment  
The passion in Your cry  
The chains of life are broken Put to death by Your people  
You came to bring us life  
Only hope for the hopeless  
Will You remember me? I've been ashamed  
I've been put down  
Head in my hands  
My life on the ground Left heaven to save  
Liars and thieves  
Sinners like me  
Your blood sets us free Who am I  
That You would remember me? Spent all of my years  
Stealing from the world  
With everything i had  
I was still so poor You have everything to lose  
But You're dying here with me  
I believe  
Will You remember me? I've been ashamed  
I've been put down  
Head in my hands  
My life on the ground Left heaven to save  
Liars and thieves  
Sinners like me  
Your blood sets us free Who am I? Take what I have left my Savior  
Take me with You from this cross  
When I leave this life completely  
Remember me I've been ashamed  
I've been put down  
Head in my hands  
My life on the ground Left heaven to save  
Liars and thieves  
Sinners like me  
Your blood sets us free I've been ashamed  
I've been put down  
Head in my hands  
My life on the ground Left heaven to save  
Liars and thieves

Sinners like me  
Your blood sets us free Who am I  
That You would remember me?
