

Mean, Mean Man (2002 - Remaster)

Wanda Jackson

i love a mean mean man
he lives uptown
when i want him he's never around
he's a mean mean man
he's a mean mean man
he's a mean mean man but i love him all i can
now he calls up and wants a date at 8
he's never on time he's always late
he's a mean mean man
he's a mean mean man
he's a mean mean man but i love him all i can
now we go to a dance, he holds me tight
but he don't even kiss me goodnight
he's a mean mean man
he's a mean mean man
he's a mean mean man but i love him all i can
i know i'm a fool to love that man
but i'm gonna love him as long as i can
he's a mean mean man
he's a mean mean man
he's a mean mean man but i love him all i can
