Got to Be a Bore

Sponge

"I hope my head will heal
I hope my head will heal
It's all I ever wanted to feel
All well adjusted"I just can't feel this way anymore
Feeling this way got to be a bore"I hope my head will heal
I hope my head will heal"
It's problematic and compelling
A corrupt disguise"I hope my head will heal
I hope my head will heal"
A flaming martyr with the pangs
Of a Jesus Christ"It's all I ever wanted but I'm
So self distructive"I can't feel this way anymore
Feeling this way got to be a boreSo simple unassuming selfless
Human acts of grace
With a murderd ego I go
Surely this can't be vain
To know what you want knows
The essence of all insane
As I am we are
I am all all all insane
