Don't Call Me Baby

Kreesha Turner

Stop trying, don't you see the look in my eyes?
And stop begging, can't you see I've run outta lies?
Stop showing up at my favorite restaurant
And dropping by my work saying you just wanna talk
Don't call me baby
Don't call me baby
Anymore
Stop running baby cause you've run outta time
(Stop running baby cause you've run outta time)
And stop asking, you know all the reasons why
(Stop asking, you know all the reasons why)
Stop staring through me like you know who I am
(Stop staring through me like you know who I am)
When you don't know me, you don't know me, barely knew me then
(You don't know me, you don't know me, you don't know me you don't)
And don't call me baby
Don't call me baby
Anymore
Hey, hey, hey
Walking away now, walking away now baby
Oh baby
Hey, hey, hey
Walking away now, walking away now baby
Oh baby
Don't call my number
Don't call me over
Don't call me baby
Anymore
What you gonna do my love?
What you gonna do?
What you gonna say this time?
What's your excuse?
When you gonna break my heart?
When you gonna break?
Nobody hurts like you
Stop staring through me like you know who I am
When you don't know me, you don't know me, barely knew me then
(You don't know me, you don't know me, you don't know me you don't)
And don't call me baby

Don't call me baby
Anymore
Hey, hey, hey
Walking away now, walking away now baby
Oh baby
Hey, hey, hey
Walking away now, walking away now baby
Oh baby
Don't call my number
Don't call me over
Don't call me baby
Anymore
