

# Addicted

Ace Young

No, no I gotta let it out, baby, here's my confession  
My hands are shakin' and it's close to obsession  
This poundin' in my chest been goin' twenty four seven  
You'd think the pain by now would make me learn my lesson But there's no way to win when I push you away  
Wanna do anything if you ask me to stay I'm so addicted, you're everything I want  
No complication, you know you had me from the jump  
I'm so addicted, do what you wanna do  
I'm committed, addicted to you, I'm addicted It's cruel to call it love when it's lust and desire  
I feel like I can fly, then you cut down the wire  
Even though I know I'm sinkin' lower by the hour  
Can't change the fact that I'm a slave to your power 'Cause my life is a lock and you hold the key  
And you tighten the chains when I try to break free I'm so addicted, you're everything I want  
No complication, you know you had me from the jump  
I'm so addicted, do what you wanna do  
I'm committed, addicted to you You've given enough just to let me breathe  
You keep me alive just to watch me bleed  
I crawl down on my knees for you You've made damn sure that I won't forget  
Your love's a drug I could never quit  
All the things that you do, you do, you do But there's no way to win when I push you away  
Wanna do everything if you ask me to stay I'm so addicted, you're everything I want  
No complication, you know you had me from the jump  
I'm so addicted, do what you wanna do  
I'm committed, addicted to you I'm so addicted, you're everything I need  
My medication, you're the lie that I believe  
I'm so addicted, there's nothin' I can do  
I'm committed, addicted to you Addicted, committed, addicted to you  
Addicted, committed, addicted to you  
Addicted, committed, addicted to you  
Addicted, committed, addicted to you
