

Pleasures U Like

Jon B.

Hey, baby, love
How you do that thing you do?
Gonna be feeling you Fascinated when you pass my way
Baby I, I can't believe my eyes
You took a brother by surprise
I know, I just want to take this dance with you, baby Go on a date on a Saturday night with you
Do whatever you want me to
Just don't matter, I gotcha right here, boo, you know it's all you Whatcha doin' all alone in this small filled
room?
Standing by the bar
Can't you tell that I'm feeling you? After hours we go rendouvous
Make a brother ditch his crew
Just to be with you, lights out, we gonna get into
Pleasures u like My Shorty, love, how ya gonna just walk by
You need to give our love a try
So elevate me, stimulating from the look in your eyes My, my, my, my
The feelings you can't hide
Looks like you need some love tonight Go on a date on a Saturday night with you
Do whatever you want me to
Just don't matter I gotcha right here boo you know it's all you Whatcha doin' all alone in this small filled room?
Standing by the bar
Can't you tell that I'm feeling you? After hours we go rendouvous
Make a brother ditch his crew
Just to be with you, lights out, we gonna get into
Pleasures u like After hours we go rendouvous
Make a brother ditch his crew
Just to be with you, lights out, we gonna get into
Pleasures u like Just to be with you
Pleasures u like
After hours, lights out
