

Wonderful

Cheyenne Kimball

(Cheyenne)

baby you've been wondering why ive been feeling so blue
and i don't even understand why, i love you
in my heart i wish that you would be true
oh and if your weren't in my life boy i dont know what i'd do
and when it all starts going down
you'll know that i'll be around
and if you love me, you can tell me
all of the time
and can i love you, i want to
i want to try
because when your gone i feel alone
and when i have you i know
it will be wonderful
it will be wonderful

(Josh)

tell me girl why does everything have to turn into a fight
everything was going good til you started askin why, babe
when i showed you my love everything just felt so right
you know what i want is to be by your side
when times aren't right
and when it all starts going down
you'll know that i will be around
oh oh oh

(both)

and if you love me, you can tell me
all of the time
and can i love you, i want to
i want to try
because when your gone i feel alone
and when i have you i know
it will be wonderful
oh ooh

(cheyenne)

and if you want to break my heart just let me know, let me know

(Josh)

and if you want to break my heart then just let me go (let me go)

(both)

and if you love me, you can tell me
all of the time
and can i love you, i want to
i want to try
because when your gone i feel alone
and when i have you i know
it will be wonderful
it will be wonderful
it will be wonderful
it will be wonderful
we will be wonderful
