# Hoping To Find

## Kristy Lee Cook

My best friend
She found it
She said it came along
When she least expected it
And she tells me it feels like
Just like she imagined it
It sounds so good
Just like it would
If that were me
'Cause who wouldn't want
Stars shootin' in the night
Fireworks in your hands
A shower of meteorites
The moment you fall
I mean right when it hits
When love lays
It's very first sweet touch
Right on your lips
Something that lights up the sky
Slows down time
That's what I
That's what I'm hoping to find
I'm doin' all right
Without it
Not spendin' my time
Tryin' to find it
And sometimes I let on
Like I don't need it
But I won't lie
It'd be nice
To be in'Cause who wouldn't want
Stars shootin' in the night
Fireworks in your hands
A shower of meteorites
The moment you fall
I mean right when it hits
When love lays
It's very first sweet touch
Right on your lips

Something that lights up the sky
Slows down time
That's what I
That's what I'm hoping to find'Cause who wouldn't want
Stars shootin' in the night
Fireworks in your hands
A shower of meteorites
The moment you fall
I mean right when it hits
When love lays
It's very first sweet touch
Right on your lips
Something that lights up the sky
Slows down time
That's what I
That's what I'm hoping to findOh, that's what I'm hoping to find
