

# Don't Drive Drunk

## Stevie Wonder

He and his wife have had problems  
And he's played off like nothing's wrong  
Till he comes home from work early  
Just to find the girl is goneOh, but he gets into the cupboard  
Picks out that bottle of gin  
Drinks like there's no tomorrow  
And decides to take a spinDon't drive drunk  
Don't drive drunk  
No, don't drive drunk  
Mothers against drunk drivers are madTeenager at a live party  
Says, "Give me one for the road"  
But he's already so inebriated  
If you lit a smoke he'd explodeBut bartender says, "I don't think so"  
Young one says, "I can deal"  
Staggering out he says, "Check you all later"  
But I really don't think he willNo, don't drive drunk  
Don't drive drunk  
No, don't drive drunk  
Mothers against drunk drivers are madAgain don't drive drunk  
Don't drive drunk  
No no, don't drive drunk  
Mothers against drunk drivers are madBoy out with girl on their first date  
Gets pulled over by the law  
Officer says, "Hey can't you drive straight  
Or have you been drinking alcohol?"Boy says, "Man are you crazy?"  
Cop says, "Hey then walk this line"  
But results from the Breathalyzer  
Proves he's charged with DUIDon't drive drunk  
Don't drive drunk  
No, don't drive drunk  
Mothers against drunk drivers are madSay again, don't drive drunk  
Don't drive drunk

Mothers against drunk drivers are madDon't drive drunk  
Don't drive drunk
