Super Duper Love

Stone Joss

Yeah, are you diggin' on me
Yeah, I'm diggin' on you now, baby
Yeah, do you want a little bit of my love
Yeah, wait a minute, wait a minute
All the time I knew that you loved me
Because you were always there
Could I be that mistaken
Believing that you really cared
In the presence of all my friends
You stood there holding my hand
And you promise me faithfully
That you will be my only man
Yeah, are you diggin' on me
Yeah, I'm diggin' on you now baby
Yeah, do you want a little bit of my love
Yeah, wait a minute, wait a minute
Every time I walk down the street with you
I'm as proud as a girl can be
Just to know that you are mine
And know that good loving belongs to me
In the presence of all my friends
You stood there holding my hand
And you promise me faithfully
That you will be my only man
Yeah, are you diggin' on me
Yeah, I'm diggin' on you now, baby
Yeah, do want a little bit of my love
Yeah, wait a minute, play it for me, little beaver
In the presence of all my friends
You stood there holding my hand
And you promise me faithfully
That you will be my only man
Yeah, are you diggin' on me
Yeah, I'm diggin' on you now, baby
Yeah, do you want a little bit of my love
Yeah, wait a minute, your love is super, oh baby
See I'm trying to tell you
(I'm just trying to tell you)
Your love is super duper

Super, yes it is, yes it is
(I'm just trying to tell you)
(I'm just trying to tell you)
Your love is
(I'm just trying to tell you)
Your love is super
(I'm just trying to tell you)
Are you diggin' on me 'coz I'm diggin' on you
(I'm just trying to tell you)
(I'm just trying to tell you)
And I'm just trying to tell you
(I'm just trying to tell you)
Oh, this love is super duper
Wait a minute
