

Sublime

Prong

I comprehend these laws with no particulars
The trappings of it all can never give in turn
A concept of counsel of the inner wealth
Perception of the dark all in you stealthA sublime success controlled abstinence
Sublime success unworldly happiness
Sublime success controlled abstinence
Sublime success unworldly happinessA pointed eloquence in its sublimity
Precision eminence of all solemnity
[Incomprehensible] for the inner wealth
[Incomprehensible]A necessary call, call
A necessary call, callSublime success, controlled abstinence
Sublime success, unworldly happinessI comprehend these laws with no particulars
The trappings of it all can never give in turnSublime success don't need abstinence
Controlled success unworldly happiness
