Sun Won't Shine

Sentenced

The candles have been blown out by the wind
don't be scared, my love, I'm right by your side
I still remember all the times I walked alone... dead
until you woke me up and made me come aliveWith her love she feeds the fire in my heart
And in her eyes, oh the birth of starsThe sun won't shine on me without your love
...don't you know
The cold wind kills the flame in my heart
...by its blowShe gave me everything I had craved
through the years of pain
the years of painWith her love she feeds the fire in my heart
Oh she's my only light
In the darkThe sun won't shine on me without your love
...don't you know
The cold wind kills the flame in my heart
...by its blowDead Calm all around
