

Sun Won't Shine

Sentenced

The candles have been blown out by the wind
don't be scared, my love, I'm right by your side
I still remember all the times I walked alone... dead
until you woke me up and made me come alive
With her love she feeds the fire in my heart
And in her eyes, oh the birth of stars
The sun won't shine on me without your love
...don't you know
The cold wind kills the flame in my heart
...by its blow
She gave me everything I had craved
through the years of pain
the years of pain
With her love she feeds the fire in my heart
Oh she's my only light
In the dark
The sun won't shine on me without your love
...don't you know
The cold wind kills the flame in my heart
...by its blow
Dead Calm all around
