

Second Fiddle

[Willie Nelson](#)

You asked me if I'd care if you danced with Joe
I said, "Yes, it's all right" but my heart whispered no
For inside I was crying for last night it was Jim
Must I play second fiddle while you're dancing with them Could it be maybe I'm just imagining things do
I believe I'm second with you
Only you know the answer is it me or Joe or Jim
Must I play second fiddle while you're dancing with them Only you know the answer
